

12" LABEL SPECS

 * 95mm Maximum Type Area
(to include ring wording if necessary)

Labels should be created as 101mm diameter circles, with an additional bleed area of 3mm all round if needed. The type area should be restricted to a 95mm circle, which should include the ring wording if used. The 7mm centre hole requires a 3mm "exclusion" area, in which no type should be placed.
